Messrs. Editors : Thinking perhaps you would like to hear from this old quiet town, in relation to its ways and manners of doing up political jobs, I take this opportunety of giving a brief description of our election: The day was cool, a generous interference on the part of a kind Providence for the preservation of the lives of our whiskey loving people. The result of the election was as anticipated; the regular candidate being elected. No particular disburance, except the disposing of two or three loads of imported voters, from St. Albans; a kind act which we are quite thankful for, presuming that all is fair in politics as in Republican majority in above towns this war. TROUBLES WITH NEGROES.

The excitement still continues in Montreal over the proposed Fenian picnic to be held to-day for the benefit of Whelan. The loyalists have taken steps to prevent.

NEW YORK, Sept. 2. Mail advices from Arkansas give particulars of the affray out there. It was stated that some negroes in Conway County assaulted a colored Democrat who was summoned as proof for the trial of one of their number. They afterwards fired on two white men, wounding one of them mortally.

Two members of the Legislature then assembled the negroes, and the whites commenced firing; about two hundred whites bound themselves together for mutual protection.

Governor Clayton, at Little Rock, mustered 100 negroes, armed them, and moved to the scene of disturbance. NEW YORK, 2.

Gen. Rosecrans, in conversation at the Astor House yesterday, said that he did not believe that the Southern leaders intended to issue an address, as has been reported, in regard to the Mexican mission. He says that the policy will be one of kindness and conciliation, and that filibustering or annexation move-

ments will not be favored. The Board of Health yesterday directed all droves of cattle to be taken to one of the two quarantine yards, and that all stray cattle in the streets be seized. Gold, 1441.
